We accept major credit cards with the exception of American Express. To protect your privacy, we will call for card numbers, (make sure phone number is above) or come to the office and pay in person.

Every species will not grow in every location! While all the species are winter hardy, plant growth and survival depends upon proper planting location, care, protection, soil-type, and weather conditions. Plan ahead - research species, soils, verify water availability, provide protection from wildlife or livestock, and prepare for extra care during first few years of growth, particularly in extreme weather conditions.

We have multiple resources available on our website. Or stop into our office, we would be happy to assist you in purchasing the right trees for the right job!
