

National Association of Conservation Districts Stewardship Week 2024

Forests are invaluable for conserving natural resources; they prevent soil erosion through root anchoring, filter and purify water, and provide critical habitat for various species. "May the forest be with you always" serves as a reminder of the enduring connection between forests and our responsibility to protect and sustain them for future generations.

Stewardship Week 2024

National Association of
Conservation Districts

Beneath the forest's green embrace,
A fox finds solace in this place.
Resting 'neath a tree so tall,
Nature's balance, for one and all.

Amidst the leaves, it finds its peace,
Where woodland secrets never cease.
In harmony, the fox reclines,
A symbol of these ancient pines.

Through the woods, a silent grace,
A keeper of this sacred space.
In unity, we all must strive,
For forest health, let's keep alive.
